Hej,

Här kommer terminens tjugonde prefektutskick där vi försöker samla utlysningar och likande forskningsinformation som kommit till fakulteten.

The Strategy process at the VH faculty

The Strategy process at the VH faculty is organized around a number of Inspiration Seminars for the whole faculty (and other interested colleagues) followed by four half-day workshops (each with a specific theme) for all post-docs and permanent scientific staff at the faculty. The seminars can either be SLU-events that is arranged by others that we recommend, or a seminar that we arrange ourselves.

Following seminars are scheduled:

5 November (Theme: The role of sport- and companion animals for human health and wellbeing)

“Seminar on the Welfare of dogs used within Animal Assisted Interventions (AAI)” organized by SCAW and SLU Future Animals, Nature and Health.

More Details and registration at: <https://www.slu.se/ew-kalender/2019/11/seminar-on-the-welfare-of-dogs-used-within-animal-assisted-interventions-aai/>

11 November (Theme: Sustainable food and food consumption)

“Seminar on Sustainable Livestock production” We will host both Frederik Federely (MEP) and Dr. Martin Scholten Board of Directors of Wageningen University & Research responsible for Animal Sciences, Livestock Research, Bioveterinary Research and Marine Research.

The event will be streamed, more info later

For more information and registration follow link: <https://intermt.slu.se/en/calendar-originals/2019/11/seminar-livestock-production/>

12 November (Theme: Modern veterinary care including transdisciplinary and translational medicine)

Christina von Dorrien will visit us and give her perspective interaction between SLU and the veterinary industry e.g. when it comes to research and diplomats. Location: Audhumbla (the event will be streamed more info more close to the event)

Time: 11.30-13.00 (lunch sandwich from 11.30)

Workshop in relation to the Strategy process

The workshops for all post-docs and permanent scientific staff are scheduled as follow:

15/11

9-11 Theme: One health and food security

13-15 Theme: Sustainable food and food consumption

Use the link to sign up for the workshops you would like to attend: [Workshop-strategi 15 november](#)

20/11

9-11 Theme: The role of sport- and companion animals for human health and wellbeing

13-15 Theme: Modern veterinary care including transdisciplinary and translational medicine.

Use the link to sign up for the workshops you would like to attend: [Workshop-strategi 20 november](#)

Sällskapet för Veterinärmedicinsk Forskning

Two opportunities to apply for grants from Sällskapet för Veterinärmedicinsk Forskning.

60000-500000SEK

Deadline 6/12

Please see attached pdf. For more information and contact.

Demand for a Data management plan

From 2019 all projects granted by VR needs to have data mangagment plan (dmp), if the research generates research data. The plan should describe how data is collected, or will be created and managed during and after the project ends.

[The Data curation Unit \(DCU\)](#) can help researchers with this. The responsibility that a dmp is generate lies at the head of the department.

VR seminare on current questions regarding experiments using animals

On the 6th of December VR will hold a seminare on experiments using animals. Keynote speaker is Wendy Jarett Chief Executive at undierstanding animal research, UK.

Follow link for sign up and more information
