Current research calls

There are currently several open calls suitable for SLU. For more details and a more extensive list of open calls relevant for SLU, please visit:

<https://internat.slu.se/externalfunding>

Spatial planning for transition

Apply for a grant for projects that contribute to knowledge development and sustainable solutions that can be used in spatial planning in order to transition into a sustainable society. The call has two stages. In the first stage, you can apply for a planning grant for preparatory work on developing projects as well as initiating and developing collaborative partnerships, both interdisciplinary and between academia and practitioners.

Match making meeting and webinar seminar is planned.

Application deadline: 2020-01-14 14:00

Funding body: Formas

SSF Agenda 2030 Research Centers (ARC) on Future Advanced Technology for Sustainability

SSF is announcing a new call for proposal, SSF – ARC. Four research centers will be granted the sum of 40-60 MSEK each in different areas such as:

- Plant biotechnology, including GMO and CRISPR/Cas9
- Next generation of antibiotics and/or actions to prevent pandemics

Application deadline: 2020-01-21

Funding body: SSF

Economic and financial drivers for climate action

The call consists of two focus areas: (1) The role of the economy in the climate transition and (2) The financial sector and the climate. You can apply for a maximum of SEK 10 million for one project.

Application deadline: 2020-01-30 14:00

Funding body: Formas

ERC Consolidator Grant

Researchers of any nationality with 7-12 years of experience since completion of PhD with a scientific track record showing great promise and an excellent research proposal can apply.

Application deadline: 2020-02-04 17:00

Funding body: ERC

Networking activities including conferences and seminars within agriculture and climate

The aim of the call is to promote Nordic collaboration among researchers from the agricultural sectors by networking activities including conferences and seminars.

Application deadline: 2020-01-15 12:00

Funding body: NKJ

Materials with bio-based components designed for circularity

Apply for: - new material solutions containing bio-based components, - new processes for recycling and production of material solutions containing bio-based components.

Application deadline: 2020-04-07 14:00

Funding body: Vinnova

Would you like to cooperate with universities in the Eastern Partnership?

Within the framework of the FOSCAPE project funded by the Swedish Institute, there are means for researchers at SLU to travel to any of six universities to work with concrete ideas for projects and collaboration.

Funds are available to cover trips until 30 June 2020.

Included in the Eastern Partnership is the following universities:

- Poltava State Agrarian Academy, Poltava, Ukraine
- National University of Life and Environmental Sciences of Ukraine, Kiev, Ukraine
- Tbilisi State University, Tbilisi, Georgia
- Belarusian State Academy of Agriculture, Gorki, Belarus
- Mogilev State University of Food Technologies, Mogilev, Belarus
- Azerbaijan State Agricultural University, Ganja, Azerbaijan

We have contacts at each of these universities that can help establish an initial contact.

Contact Hallvard Wie at the Grants Office for more information

hallvard.wie@slu.se; 018-671288

This mail is distributed to all researchers, teachers and PhD-students at SLU.
