

Hej igen,

Fick kompletterande information om viktiga event som kommer inom kort. Vänligen, sprid informationen.

Welcome to an internal scientific dialogue on climate change, 29 April

SLU Global and the SLU Future platforms (SLU Future Food, SLU Future Forests, SLU Future One Health and SLU Urban Futures) co-organize a series of internal scientific dialogues, as well as open seminars with both external and SLU participants. The first internal scientific dialogue takes place 29th April. For more information and registration, see: <https://www.slu.se/en/ew-calendar/2021/4/climate-dialogue-29-april/>

How can we create just food systems? Urban perspectives with a focus on the Global South

SLU Urban Futures and SLU Global organize a seminar 20th April. For more information and registration, please check: <https://www.slu.se/en/ew-calendar/2021/4/webinar-how-can-we-create-just-food-systems/>

Thank you.

Best regards,
Jonas

SLU's Global network

SLU Global coordinates an internal SLU network open for everyone within SLU who are

interested in collaboration with low-income countries. This network meets about three times per year. **Next meeting is 6th October and the topic of the meeting is yet to be decided.** When joining the network, you will also get access to a Canvas page where information on current meetings, calls, etc are posted.

To join the network, please use the form in this

link: <https://www.slu.se/en/collaboration/international/slu-global/get-involved/network/slus-global-network/>

Virtual conference on North-South partnership in research and education for the transformation of food systems – 29th March

For more information and registration, please check this link:
