

THE DENDROLOGISKA UTSKOTTET INVITES YOU TO...

# “PLANTS AROUND THE GLOBE”

## - A LECTURE SERIES

This year, the Dendrologiska Utskottet initiates a series of lectures on the theme “Plants around the globe”! Once a month, we will arrange a lecture with an invited speaker, with focus on travels regarding trees or other plants in a particular part of the world. Open for everyone! Look for our events!

*And first one out is...*

*no pre-registration  
required!*

### 12 NOV KL 16-17:30 CRAFOORD-SALEN

## “EXPLORING TREES IN AUSTRALIA - NATURAL VEGETATION TO URBAN FOREST” WITH ASSOCIATE PROFESSOR JOHN RAYNER

*In this presentation John will explore Australian trees, with an emphasis on those in natural systems and trees in the urban forest. He will look at the distribution of vegetation communities across the country; describe the main tree genera and species commonly used; and conclude with a discussion of the urban forestry movement in Australia.*

Associate Professor John Rayner is Director of Urban Horticulture at the University of Melbourne. His research and teaching interests are based around the design and use of urban plants, particularly shrubs, climbers and ground cover plants, green roofs and facades, therapeutic landscapes and children’s gardens. John is a passionate educator, has published widely, regularly acts as a consultant and in his spare time is a keen gardener. He is currently on sabbatical at SLU Alnarp.

*...and stay tuned with our events on our  
Facebook-group “Dendrologiska Utskottet”*
