

Funding body, project coordinator (outside SLU), the vice-chancellor and the university administration provide support for SLU departments' work with external funding.

SLU currently has separate internal processes for VR Infrastructure and Wallenberg.

It is important that the process below **starts well in advance**, especially when the funding body demands the **vice-chancellors support** (B below) and in cases with **large co-funding requirement** (C below).

Questions are always welcome to externalfunding@slu.se.
