

Equal Opportunities?

What experiences do foreign PhD students, post docs and senior researchers have of Equal Opportunities at SLU?

Seminar 27th of January at 13.00–16.00

The aim of this seminar is to exchange experiences and learn from our foreign PhD students, post docs, researchers and professors about their personal experiences from starting to work at the VH Faculty and SLU and their suggestions on how to

improve both the initial time and longer periods in Sweden. How can we become better at attracting and receiving foreign researchers? We would be happy to see both foreign and Swedish employees attending. The seminar is held in English.
