

Annex 3a: First-cycle and second-cycle subjects at SLU

Ämne	Subject	Main field of study ¹	Disciplinary domain ²
Bioekonomi	Bioeconomy management	H	SA
Bioinformatik	Bioinformatics	H	NA
Biologi	Biology	H	NA
Djuromvårdnad	Veterinary nursing	H	VÅ
Fysik	Physics		NA
Företagsekonomi	Business administration	H	SA
Hippologi	Equine science	H	NA
Historia	History		SA
Husdjursvetenskap	Animal science	H	NA
Hållbar utveckling	Sustainable development	H	ÖV
Juridik	Law		SA
Kemi	Chemistry	H	NA
Kommunikationsvetenskap	Communications science		SA
Lantbruksvetenskap	Agricultural science	H	NA
Landsbygdsutveckling	Rural development	H	ÖÖ
Landscape architecture	Landscape architecture	H	TE
Ledarskap och organisation	Leadership and organisation		SA
Livsmedelsvetenskap	Food science	H	NA
Markvetenskap	Soil science	H	NA
Matematik/tillämpad matematik	Mathematics/Applied mathematics		NA

¹In subjects defined as main fields of study, SLU offers progressive specialisation which enables students to also be awarded general qualifications. All main fields of study are described in Annex 3b.

² Each subject belongs to a disciplinary domain. The following disciplinary domains are available at SLU:

- DE – design
- ME – medicine
- NA – natural sciences
- SA – social sciences
- TE – technological sciences
- VÅ – care
- ÖV – miscellaneous

Matematisk statistik	Mathematical statistics		NA
Matstudier	Food studies	H	SA
Miljöpsykologi	Environmental psychology	H	ÖV
Miljövetenskap	Environmental science	H	NA
Nationalekonomi	Economics	H	SA
Naturvetenskap	Science		NA
Pedagogik	Pedagogics		SA
Skogsbruksvetenskap	Forestry science	H	NA
Skogshushållning	Forest management	H	NA
Forest science	Forest science	H	NA
Statistik	Statistics		SA
Teknik	Technology		NA
Teknologi	Technology	H	TE
Trädgårdsvetenskap	Horticultural science	H	NA
Tvärvetenskap	Interdisciplinarity		ÖV
Veterinärmedicin	Veterinary medicine	H	ME

No longer a subject

Landskapsplanering	Landscape planning	H	NA
