FOLLOWED BY DINNER IN UPPSALA**

Måltiden

Marken Maten Människan

Tore Wretmandagen 2019

A seminar presenting ongoing food and meal research.
Måltidsakademien, Gastronomiska akademien, SLU Future Food, Nordic
Association for Food. Studies and Commensality Research Network
invites to a seminar for researchers interested in the topic meal science.

The overall aim of the seminar is to gather researchers in the field of meal related research and serve as a platform for an active Swedish meal research network with an annual scientific meeting.

At the seminar you will be able to present new and ongoing research. We welcome all related abstracts. Abstracts from younger doctoral students and researchers are given priority. Travel allowances can be requested from the Meal Academy.
